The built-in PCMCIA slot is good for wireless internet access through WiFi, CDPD, CDMA, or GSM/GPRS. Pentium 4 processor and supports various Microsoft Windows Operating Systems. DVD-ROM/CD-RW combo drive.

5.82" (W) x 10" (D) x 2.79" (H)

MPC4

- Intel 3.0GHz Pentium 4 Processor
- 1GB PC3200 DDR 400 Memory
- 80G Hard Disk Drive
- Built-in Audio & Video
- 10/100base-T Ethernet
- 1 Fire-Wire, 3 USB 2.0
- DVD-Rom/CD-RW Drive
- PCMCIA Slot
- 12V DC Car Adaptor

Specifications

- Model #: MPC4
- Dimension (in): 5.82(W) x 10(D) x 2.79(H)
- Storage Temperature: -4°F ~ 140°F
- Operating Temperature: 50°F ~ 113°F
- Weight: 5.5 lbs
- Intel 865GV / ICH 5 Chipset
- FSB support up to 800Mhz
- Full support of Intel Hyper Threading Technology
- Dual Channel DDR support
- Processor: Pentium 4 3.2GHz
- Memory: 1 GB Two 184 pin DDR slots (up to 2GB)
- Video: Fully AGP v2.0 compliant, high performance 256-Bit 3D/128-Bit 2D graphic engine, dual video overlay windows for Mirror Mode display
- Audio: Software AC 97 Audio CODEC
- Communications: Built-in 10/100base-T Ethernet
- 3 USB 2.0, 1 IEEE 1394 Fire-Wire
- Storage: One 2.5 inch slim Hard Disk (Support ATA-33/66/100)
- One ATAPI interface for slim-type DVD-ROM/CD-RW
- Power input: 19V DC (Optional 12V Adaptor)
- Power Consumption: ~100 Watt
- Chassis: Ultra light extruded Aluminum
- FCC, CE
