

## InCarTV Mobile 10, 12 & 15" Roof-mount Monitor Specifications

### 15.3" TFT LCD Roof Mount Monitor w/ VGA

InCarTV & computing just got better! InCarTV now offer 10, 12 and 15' Roof-mount Monitors. These roofmount VGA monitors feature composite video and audio inputs, as well as excellent video making them the ultimate in InCarTV and Computing.

These monitors have built in IR transmitters. Use the monitor with the optional wireless IR headphones for convenient, quiet use. The high native resolution of 1280x768 (WXGA) delivers crystal clear images while the built-in scaler supports display resolution all the way up to 1600x1200. Two audio/video inputs, along with the VGA input, allow the monitor to be plugged into 2 audio/video devices, as well as a computer. It is also perfect for displaying HD (High-Definition) programming through it's D-Sub 15 connection.

- VGA Input x 1 & Video Input x 2
- Stereo Audio Input x 2
- Built-in IR for Wireless Headphones
- NTSC / PAL Multi-System
- 16x9 Aspect Ratio
- High Resolution Display - up to 1600 x 1200
- High-Brightness: 500 NIT
- Integrated Video and VGA Processor
- Automatic display adjustment
- On Screen Display Control
- Tilt adjustment

### Specifications

- Model #: 10RM, 12RM, and 15RM
- 15.3 Inch TFT LCD Roof Mount Monitor with VGA
- 1 VGA Input (D-Sub 15), 2 Video Input, 2 Stereo Audio input
- NTSC/PAL Multi-System
- IR Wireless Stereo Headphone
- Physical Resolution: 1280 (H) x 768 (V) WXGA
- Supported Resolution: 640 x 480 ~ 1,600 x 1200
- Dot Resolution: 3,840 (RGB) x 768 = 2,949,120 dots
- 16 : 9 Wide Screen
- Brightness, Contrast, Color, Phase, Clock OSD Adjustable
- Brightness: 500 cd/m<sup>2</sup>
- Contrast: 300 : 1
- Operating Voltage: DC 11V ~ 24V
- Power Consumption: 12V/850mA
- Storage Temperature: -4°F ~ +140°F
- Operating Temperature: +32°F ~ +122°F
- Dimension (in): 16.46 (w) x 12.91 (H) x 1.50 (D)
- Weight (lb): 7.05
- FCC, CE, UL, TUV
- 12 Month warranty
